## **Vertical Limit Expands Operations in Neenah, WI**

(Wanamingo, MN) April 5, 2017 – Vertical Limit, a leading service solutions provider in the Wireless Industry, today announced the expansion of its operations in Neenah, WI, to better serve our customer’s needs in the Great Lakes Region.

Vertical Limit has long been performing work in the Great Lakes Region, specifically WI, over the past 12 years. Due to increased contract awards, expanding services offered and an evolving network to support we have secured a new facility in Neenah, WI.

“Vertical Limit is thrilled to be fully operational in this facility as of April 2017,” said Scott Shepard, Regional Director & Co-Founder, Vertical Limit. “This +/-16,000SF office – warehouse is going to allow us to better serve our customer’s requirements and create additional internal efficiencies. The warehouse has multiple loading docks, and overhead doors, which can handle any size of material. Its office space has a conference room, and training facilities, which allow us to accommodate customer meetings and training on-site. This facility is conveniently located to Highways 41 and 10 in East Central, WI.”

“Vertical Limit is an unmatched General Contractor to the Wireless Industry in WI,” said Scott Shepard, Regional Director & Co-Founder, Vertical Limit. “We are excited to bring these expanded operations to better serve our customers in this region. We will continue focusing and executing in Wisconsin, while ensuring we are exceeding our customer’s expectations nationwide.”
